### Tenant Repair Responsibility

Under the terms of the Scottish Tenancy Agreement the Council can charge tenants if it decides to carry out repairs to damage caused by the tenant or anyone living with the tenants or a visitor to the tenancy. If the Council decides to carry out these types of repairs the tenant will be informed of any costs to be charged in as far as practicable prior to the work commencing. This would not apply to damage caused by fair wear and tear and or vandalism which has been reported and investigated by the police.
