Polling place	How would you rate the venue as a polling place? - Venue rating	How would you rate the venue as a polling place? - If you think it is unsuitable, please tell us why	How would you rate the venue as a polling place? - Can you suggest an alternative venue?	Do you have any other comments to make about your polling place? - Other comments	Do you have any comments on you boundary? - Comments on polling
Alloa Baptist Church Hall					
	Suitable				
	Suitable			the opening and closing times of the venue fit round my work and family which makes it easier to make my vote	
	Unsuitable	In the summer it is good but when winter comes and the dark nights and your sight is not to good it can put you off going to vote.	The town hall enter by the side door at the roundabout side, its more open and good for parking etc.	no use commenting they are not listend too.	
	Unsuitable	Although there is a ramped entrance the ramp is very uneven and rattles my wheelchair and, more importantly, me and my spine in a very uncomfortable manner.			
	Unsuitable	Although wheelchair access is in place the flag stones are very narrow for wheelchairs, your ramps at the front have certainly improved things. Narrow and folk step aside when passing at the side of the kirk	What options are there at the Gate opposite? or maybe AlloaTown Hall I suspect the Claremont Lodge would have other issues Parking can be difficult but that would be the same at the gate. Still confession at times between the Baptist Church and Ludgate.	We need to keep voting places local.	We need to make it easy for folk to
Bowmar Community					
Centre					
	Unsuitable	Due to area don't go and vote at this place	Alloa Town Hall.	Poor and not good area as previously stated won't go and vote there.	None other than too many council
	Unsuitable	Unsuitable as I live nearer to the polling station in Mill Street			
		but cannot use it.			
	Suitable				
	Suitable				
Clackmannan Town Hall					
	Suitable		None as it is central to all in the town and ideal	None	Our polling District is ideal
	Suitable				
	Suitable				
Coalsnaughton Village Hall					
	Suitable			It is ideal and centrally located. Now with heating systems upgraded via grants from the Community Council.

	We need to make it easy for folk to vote
	None other than too many councillors.
	Our polling District is ideal

				1
Suitable		No. I want vote in the cochrane hall and the people at the west end of alva need a polling station there or you will disenfranchise them.	Yes. It serves the purpose very well. Plenty of parking, space inside, and decent privacy when voting due to space.	lt se have with
Suitable		Only suggestion would be Alva Primary school.	No	No
Suitable		Parklandmaybe not as large but don't think there is ever a really busy spell that it couldn't cope.		
Suitable				
Suitable				
Suitable				
Suitable		No	Building is suitable for all and causes very little disruption to other users	-
Suitable				None
Unsuitable	It's quite a trek for older folk, those with young kid/babies or mobility issues and where it is situated isn't ideal. It may be big enough for the whole of Tilly but practicality it isn't great. Would be better to have 2 other polling stations, such as the Ben Cleuch centre and centenary hall. If you have to use wheelchairs or have babies in buggy then you need somewhere that is easier to access without trying to manoeuvre very steep steps.	suit those with mobility issues (inc wheelchairs/scooters, or walking sticks - eg if you've just had surgery) and the 2nd as it is	across the road where there is many potholes, and if it's full	Shoi Ochi
Suitable			Adequate disabled access, but parking close to entrance is difficult. Alternatives of Ben Cleuch or Baptist Church Annex are probably too small.	
Suitable				
Suitable				
Suitable			No.	No.
Suitable	I usually have a postal vote as seem to be away at elections.			No

Dumyat Centre					
	Suitable			It provides a safe, accessible Polling Station with sufficient privacy	
	Suitable		Church hall	None on the place but could this be done online?	
	Suitable			The council is looking to close the Dumyat Centre or hand it over and I'm not sure that anywhere else has the space to deal with the voting. The church halls are quite small and the school too.	
	Suitable				
	Suitable		No. Centre of village and off street parking	It is accessible and well known	No
Loganlea Tearoom					
	Unsuitable	Concerns over privately owned premises.			
Couchia and					
Sauchie and Coalsnaughton Parish Church Hall

Tullibody Civic Centre					
Control Centre					
	Suitable	Well it would be suitable if the funding wasn't cut to the centre, shame the Tullibody Community trust weren't allowed to keep the building open			
	Suitable				
	Suitable		Nope, the rest are too far away and schools are no longer an option	No comment other than the civic centre is now closed due to inadequate care and we no longer have anywhere to vote.	
	Suitable	The council have closed the centre so another venue may need to be found			
	Suitable		No, and the council should be supporting the community of Tullibody and investing in the Civic centre to bring it up to standard and allow it to re-open. Too many decisions taken by those in high positions who have no interest in the local community (many of whom don't even reside in the county!!), the Civic Centre has been left to rot by Clackmannanshire Council for decades, the lack of investment in Tullibody as a whole by Clackmannanshire Council is an absolute disgrace and it's time that changed given the size of Tullibody, which is easily the second largest populated town in the county. The decision not to carry out the essential repairs to the Civic Centre needs to be urgently revisited and reversed, this Council is standing by doing nothing whilst the only facility of this nature and size is lying unused, in dire need of upgrading. This council has allowed the centre to close whilst toddlers groups, football teams, pensioners groups, the wrestling club etc have all been left in limbo. There have been offers by local tradesmen to carry out the essential work and charge NOTHING for their labour, why are Clackmannanshire Council not at the very least then providing the necessary materials so this work can be done? No doubt the plan will be to move the polling place to the 'Community Hub' once the new school is open, but this should not be happening, it should remain at the Civic Centre!!		N
	Suitable				
	Juitable				
Whins Resource Centre					
	Suitable			It is a very small space, which does not affect me but may be difficult for wheelchairs. Also, I tend to vote at 7am when it is quiet, but I would imagine if it was busy and the weather was inclement, then a larger venue would be preferable.	
Not Answered	Not Answered			Fishcross - The proposed tempoary place is at the end of a dead end where cars turn and park. What traffic management arrangements would be in place? As this is currently a car park what would the polling station consist of? What facilities will there be for staff who are there all day?
