Alloa Baptist Church Hall			
•			
	agreed		agreed
	agreed	agreed	agreed
	disagreed	It's a ridiculously small access which if someone comes the	
	uisagieeu	other way one of you has to back up . Walking up to it is like	
		walking the gauntlet of candidates as they all congregate	
		where voters try to pass	
Alloa Ludgate Church Hall			
naii			
	agreed		agreed
	disagreed	No parking near the station, path to polling station is narrow at the side of the venue. Wooden riser to station which can	
		be slippy.	
Bowmar Community			
Centre	disagreed	As stated in previous consultation I would go to Bowman	I do thank that there are too many boundaries and elected
	disagreed	Centre due to fear of crime. You are therefore making	members for being one of the smallest authorities and think
		people intentionally not going to vote.	that a think tank should be set up to reconsider the boundaries
		You need to consider other arrangements. I presently vote by post but feel that my vote is not always	and how to manage them in a more manageable way. Such as my area where we have to go to another boundary to vote and
		counted.	places in ALLOA being in the sauchie boundary. A lot of it
			makes no sense.

Sauchie and Coalsnaughton Parish			
Church Hall			
	agreed	There are not enough people using this polling station as it is near a main road as well as the people using it being too old to travel to it to vote	
Sauchie Hall	agreed	agreed	agreed
	disagreed		This is s very large boundary which could be split. Branshill, fairfield, nevis cresent ect could be a separate boundary from that of shaw court, post hill, gartmorn rd. The voters from the Brans hill area could use the United free church hall in Curch grove.
St Mungo's RC Church			
Hall			
	agreed		agreed
	agreed		agreed
St Serf's Church Hall			
	agreed	there is inadequate parking for its use and no consideration is given by voters to local residents in an already tough area to park	
	agreed	This is both convient and both inconvient. I live near the polling station and parking is limited which is already hard on residents of which voters make worse; and are extremely inconsiderate to us ion voting days. They should be advised to use the church car park (less than 5minutes walk away) when voting to avoid disrupting local residents, especially those with very young children.	agreed
