

The Glen, Coalsnaughton

**4 bedroom home for
rent in a stunning location**

Nechtan Drive (off The Glen) Coalsnaughton

The National Housing Trust Initiative (NHT) was set up by the Government as a new approach to delivering affordable housing by the Scottish Futures Trust in 2010. Developed by Hadden Construction and supported by Clackmannanshire Council, this development is part of the initiative to provide new, quality homes with affordable rents to people who would otherwise struggle to find an affordable home either to rent or buy on the open market. This initiative provides the opportunity to get the home you need whilst providing time to save to become a home owner.

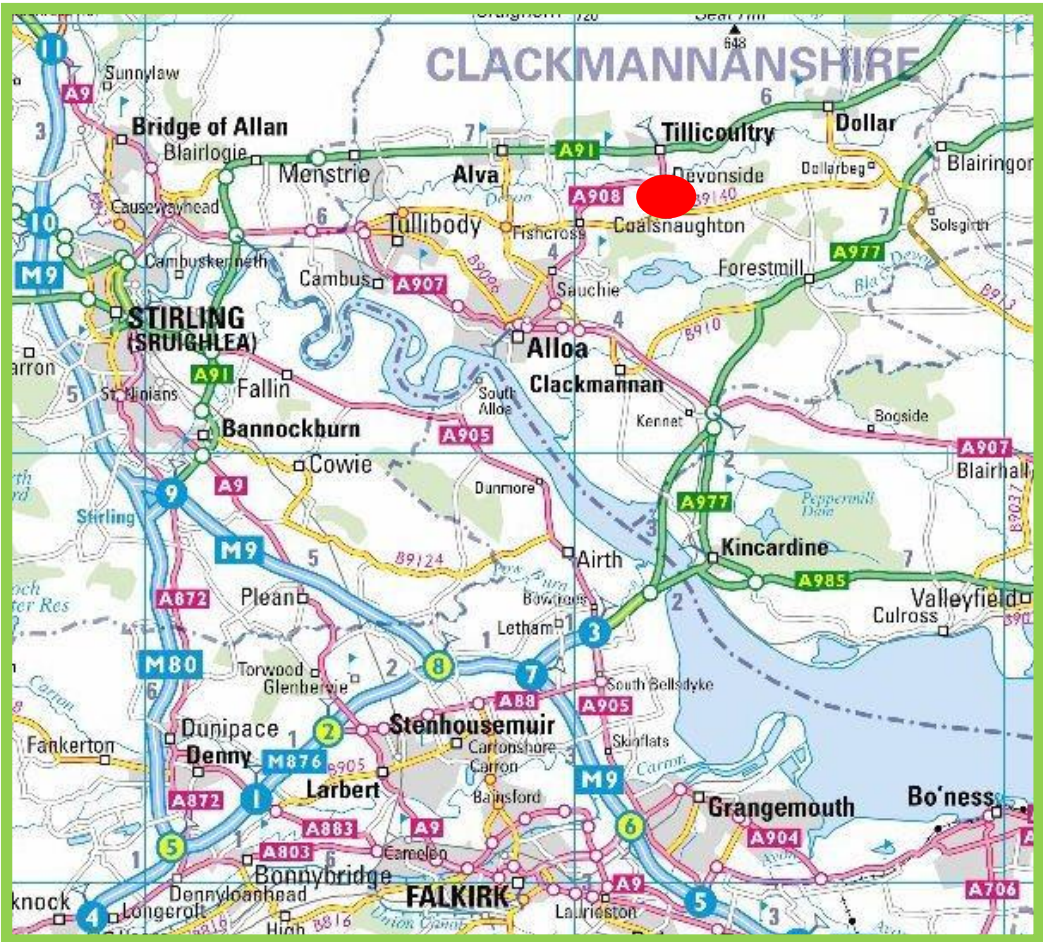

The development offers 8 two bedroom flats, 8 three bedroom and 12 four bedroom homes at The Glen in Coalsnaughton in a stunning location overlooking the Ochil Hills.

The properties will be let and managed by Ochil View Housing Association Ltd.

History

Early references to Coalsnaughton refer to Coalas Neachdainn, the name being derived from the Pictish/Gaelic roughly as "place belonging or effering to Nechtan". Nechtan was the son of Pictish King Dargart and Der-Ilei who ruled in the early 8th Century.

Tenancy Arrangements

Eligibility

Mid-market rent properties are intended to assist households who have incomes above the average levels of tenants in social rented housing (Council and Housing Association homes) in Clackmannanshire.

When these properties are allocated, priority will be given to persons who are:

- Council or Housing Association tenants
- Persons who have a current registration on the Clackmannanshire Common Housing Register
- Households who cannot afford to buy or rent privately
- Households with a minimum income of £14,000 annually and a maximum income of £29,000 for a single person or maximum £37,000 for a 2 adult household

Important Information about your Tenancy

Your Tenancy Agreement is a Short Assured Tenancy for a minimum period of 6 months. The tenancy may be renewed at the end of that period or you may wish to end your tenancy and leave the property.

Your obligations, if you end your tenancy, will be set out in the Tenancy Agreement.

After 5 years you have the option to either:

1. Buy the property or
2. End your tenancy and leave

At that time we will provide information to those tenants who are interested in purchasing the property they are renting about the terms for exercising their option to purchase and explain to them any responsibilities they will acquire when they purchase the property (e.g. in relation to paying factoring bills and responsibility for repairs and maintenance).

Tenant Saving Scheme

To encourage tenants to purchase their own home a Tenant Saving Scheme has been developed whereby we will offer a deposit match to tenants who can show that they have saved for a deposit over the duration of their tenancy. Our share of the deposit match will be deducted from the purchase price payable by the tenant.

To qualify for the Tenant Saving Scheme the tenant must demonstrate that they have opened a separate savings account in their name with a recognised bank or building society at least one year before the opportunity is given to purchase the property. The tenant must have deposited regular sums on a monthly basis into the account.

The maximum deposit match available will be 2% of the value of the property for those who have saved on a regular monthly basis for over 4 years. The amount of the deposit match percentage decreases with shorter savings periods.

Period of Savings	Maximum Deposit Match
Over 4 years	2% of the value of the house being purchased
Between 3 and 4 years	1.5% of the value of the house being purchased
Between 2 and 3 years	1.0% of the value of the house being purchased
Between 1 and 2 years	0.5% of the value of the house being purchased

The qualifying savings period is the time during which the tenant had the tenancy of a home within The Glen development. Any savings which were already deposited in the savings account prior to the start date of the tenancy will not be included in the assessment

Examples:

Example 1

A tenant saves £50.00 a month for 4 years and has £2,400 deposited.

The value of the property they wish to purchase is £150,000

Maximum Deposit Match available 2% of value - £3,000

The amount of deposit match they would be entitled to is £2,400.

Example 2

A tenant saves £40 a month for 3 years and has £1,440 deposited.

The value of the property they wish to purchase is £100,000

Maximum Deposit Match available 1.5% of value - £1,500

The amount of deposit match they would be entitled to is £1,440
