

Participation Requests Reporting Template 2022/23 for Public Service Authorities

Section 32 of the Community Empowerment (Scotland) Act 2015 requires public service authorities to produce an annual report on Participation Request activity and publish this no later than 30 June each year. This template has been created to gather participation request data for the period 1 April 2022 to 31 March 2023. Information provided will help inform policy and practice at local and national level as the data will be collated and shared by the Scottish Government's Community Empowerment Team. However, it is for each public service authority to make their own annual report publicly available by 30 June each year, whether using this template or not.

Please provide information in the sections below and email the completed template by 30 June 2023 to community.empowerment@gov.scot .

Section Three – Partnership Working & Promotion of Participation Requests

3.1a Please provide details of any engagement with support organisations such as local Third Sector Interfaces and public sector Community Learning and Development staff or national organisations such as the Scottish Community Development Centre.

For example has any new practices to support Participation Requests been developed from working with other bodies, or any learning gained?

Clackmannanshire Council officers from different Services participated in the recent review of Participation Requests with SCDC.

3.1b Please tell us about any challenges you have had in accessing support. n/a

3.2 Please provide details of action taken to promote the use of Participation Requests or support Community Participation Bodies in making a Participation Request.

For example this could include: Support before making a request, such as to determine whether a participation request is the most appropriate route; Support to make the request such as assist groups to complete forms, or identify appropriate outcomes; and/or Support to take part effectively in outcome improvement processes (whether or not they resulted from a formal participation request).

No new action / resources in the reporting year.

3.3 Please let us know what actions you have been taking to ensure that your processes are inclusive.

For example, this could include accessible information and other support, which enable wider use of participation requests by all population groups including those with protected characteristics. We are particularly interested in any ways you have targeted those with protected characteristics to raise awareness of the PR process or support request submissions.

Clackmannanshire Council has accepted feedback from community groups on their experiences of it. Most action relates to the need to clarify the purpose and scope of Participation Requests.

3.4 Please outline any plans you have to continue involving local people and local groups in outcome improvement processes as a result of your Participation Request policies (and also outwith formal participation requests). n/a

3.5 Please provide details about any work undertaken to consider wider reviews of participation practice, and any such methods used to engage with communities.

Clackmannanshire Council's wider approach to participation is set out in the corporate plan. Services continue to engage with service users on service delivery and design through traditional methods.

Section Four – Additional Information

4.1 Please use this space to provide any further feedback not covered in the above sections.

For example, we are interested in your reflections about what has gone well and what has gone less well in relation to Participation Requests over the past year?

During informal conversations, we notice that community groups continue to have unrealistic expectations of Participation Requests if they have taken advice externally or if they have not taken advice at all in advance of submitting a PR.

Is there any aspect of the process that you intend to adapt or change in the year ahead?

We continue to urge community groups to enquire with us about the process and to refer to the official guidance.

Have you identified any needs for guidance or support that would support the process? As above

If you have developed any case study material or published new information about Participation Requests please share links to those with us here.

No new material since last year.
