Motion to Meeting of Clackmannanshire Council Thursday 26th November 2026

Tree Planting & Removal

"Council is pleased to note that following the submission of a draft motion that officers are currently working on a tree policy which will provide clear operational guidance on matters such as tree management, maintenance, pruning, replacement planting, risk assessment and responding consistently to requests from residents regarding individual trees.

Council agrees to instruct officers to provide an update report to the next ordinary meeting of the Council outlining when this work began, what progress has been made and when the Council can expect to receive the final policy for consideration."
