CLACKMANNANSHIRE COUNCIL	THIS PAPER RELATES TO ITEM 10
Report to **Audit & Scrutiny Committee**	**ON THE AGENDA**

Date of Meeting: 24th August 2023

Subject: **Corporate Risk Register**

Report by: **Strategic Director – Partnership & Performance**

1.0   Purpose

1.1.   This report provides Committee with the Quarter 1, 2023/24 update on Clackmannanshire Council's Corporate Risk Register (Appendix A).

2.0   Recommendations

2.1.   That Committee notes the report, commenting and challenging as appropriate.

3.0   Considerations

3.1.   Purpose of Risk Management

3.1.1.   The Council has several key goals regarding how it will achieve the priorities set out in the Local Outcomes Improvement Plan (LOIP) and how it will transform services under the Be the Future programme. In order to effectively plan how we will achieve these goals, we must also consider the internal and external challenges with the potential to prevent or hinder their achievement. An effective risk management approach ensures that the Council is aware of such factors and, where appropriate, takes action to reduce or remove risks to ensure the success of its initiatives.

3.1.2.   The purpose of risk management is not to prevent activities from taking place, but to ensure all relevant factors are taken into account in their planning and execution so the best possible outcomes are realised. In recent years it has been well-recognised that Council officers and services deal, on a daily basis, with a wide variety of operational risks to individuals, communities and internal management processes. However, the corporate risk management approach must take a wider, more strategic view and consider short-, medium- and long-term implications, as well as (often complex) inter-dependencies.

3.1.3.   The impact of the pandemic and other recent global events on Council services and the local community has been significant, and this approach remains critical in light of the Council's ongoing response and recovery planning. The hierarchy of risk logs from teams, services, directorates and partnerships up to the corporate log should ensure that each level has holistic oversight of the most significant issues which must be monitored and managed. In addition, consideration of risk at a Civil Contingencies and Incident Management level has been critical, as has the risk assessment process which has formed a significant part of the Council's ability to respond and manage service provision safely.

3.2. Corporate Risk Management Process

3.2.1. The corporate risk register is owned by the Strategic Leadership Group, and the Strategic Director – Partnership & Performance is responsible for the corporate Risk Management approach. The Council follows a systematic process, reporting corporate and service risks to Committee on a regular basis. The process is assessed via internal and external governance and audit mechanisms, and peer-reviewed by other authorities and partners.

3.2.2. Each corporate risk review involves gathering information from internal and external sources (environmental scanning) and review of the register by a range of individuals and groups. Discussions are held at the Corporate Risk & Integrity Forum (including risk owners and/or delegated officers) to:

- Review changes and developments in existing corporate and service risks;
- Investigate emerging externally-identified risks for local relevance;
- Evaluate emerging internally-identified risks (Internal Audit/self-assessment); and
- Consider significant risks, or those with implications across multiple services, for escalation to the corporate log, where they are managed until their severity reduces.

3.2.3. It would be impossible to remove all risk from our operations as most functions have inherent risks, as do most changes. Moreover, we cannot choose not to make changes, as this would involve exposure to other risks, such as failing to fulfil statutory duties, comply with legislative developments or take advantage of new opportunities/technologies. The aim, therefore, is not to be 'risk averse' but 'risk aware'.

3.2.4. We identify our approach to managing each risk as:

Treat: we will take action to reduce the risk;
Tolerate: actions within our control have been completed and plans are in place;
Transfer: the risk will be passed to another party, such as insurers; or
Terminate: the activity that is causing the risk will be ceased.

3.3. Current Risk Profile & Development Activity

3.3.1. As shown in Appendix A, the current context is extremely challenging, involving complex and fast-evolving factors, many of which compound existing concerns, or are intrinsically linked to our ability to manage them. In some areas, positive mitigations are outweighed by worsening external factors, resulting in little direct change. Interdependencies are also clearly evident, with economic, environmental, technological, societal and geopolitical impacts expected to continue for quite some time. We are, however, not alone and one factor within our control is how we ensure that high standards of diligence are applied in all areas of our work with partners and communities.

3.3.2. Scores for Workforce Planning, Harm to Child(ren) and Industrial Unrest have reduced as a result of progressing mitigations. It is notable, however, that several current risks are major external issues, broadly outwith the Council's control but with potentially significant local impacts. The energy, cost of living and public health situations, in particular, are being closely monitored and addressed, where possible, with local partners and national bodies.

3.3.3. The Corporate Risk & Integrity Forum continues to lead progress on mitigations and provide challenge and peer-review. Training is ongoing via our risk management partners, Gallagher Bassett, currently focussing primarily on Health & Safety for senior managers, and the circulation of other guidance and materials internally. Work also continues on supporting services and reviewing the corporate risk strategy, as well as partnership work with the Clacks & Stirling Health & Social Care joint risk forum.

4.0   Sustainability Implications

4.1.   There are no direct sustainability implications arising from this report.

5.0   Resource Implications

5.1.   Financial Details – There are no direct financial implications arising from this report.

5.2.   The full financial implications of the recommendations are set out in the report. This
        includes a reference to full life cycle costs where appropriate.   Yes ✓

5.3.   Finance have been consulted and have agreed the financial implications as set out.   Yes ✓

5.4.   Staffing – There are no direct staffing implications arising from this report.

6.0   Exempt Reports

6.1.   Is this report exempt?   Yes (please detail the reasons for exemption below)   No ✓

7.0   Declarations

The recommendations contained within this report support or implement our Corporate
Priorities and Council Policies.

(1)   **Our Priorities** (Please double click on the check box ☑)
       Clackmannanshire will be attractive to businesses & people and ensure fair
       opportunities for all   ✓
       Our families; children and young people will have the best possible start in life   ✓
       Women and girls will be confident and aspirational, and achieve their full potential ✓
       Our communities will be resilient and empowered so that they can thrive and flourish ✓

(2)   **Council Policies** (Please detail)

8.0   Equalities Impact

8.1   Have you undertaken the required equalities impact assessment to ensure that no groups
       are adversely affected by the recommendations?   Yes   No ✓

9.0   Legality

9.1   It has been confirmed that in adopting the recommendations contained in this report, the
       Council is acting within its legal powers.   Yes ✓

10.0   Appendices

10.1   Please list any appendices attached. If there are no appendices, please state "none".
        Appendix A – Corporate Risk Log

11.0   Background Papers

11.1   Have you used other documents to compile your report? (All documents must be kept available by
        the author for public inspection for four years from the date of meeting at which the report is considered)
   Yes (please list the documents below) No ✓

Approach Treat
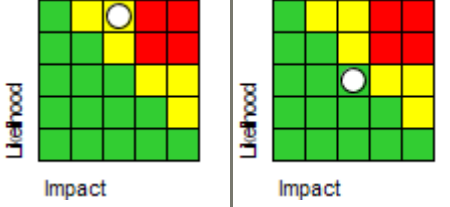

🛑 ➖	**Insufficient Financial Resilience**	Senior Manager Finance & Revenues	Current Score	25	Target Score	5

Risk	The Council does not have a balanced budget to meet essential service demands, customer needs, or external agendas.
Potential Impact	Reputational and legal implications and severe, extended loss of service provision. Possibility of Alliance, Health & Social Care and other partners also experiencing budget pressures contributes to potential impact, given the interdependencies.
Note	The budget for 2023/24 was approved in March reflecting a balanced position. Within this budget there is £3.8m of savings to be achieved during 2023/24. Due to the use of reserves and cash savings to balance the 2023/24 budget, the budget gap for 2024/25 has been estimated at £11.6m. The budget process for 2024/25 is already progressing to take forward savings through transformation and other areas previously identified. The budget gap is also subject to the settlement funding from Scottish Government which will be known towards the end of the year.

	Use the agreed strategic change framework and organisational design principles to implement a whole organisation redesign	EXA BVA 1A0		Contract Standing Orders
	Balance the drive for savings with the need for sufficient officer time and skills to support change and consider how to make more use of external assistance to support improvement	EXA BVA 4F0		Financial Regulations

🛑 ➖	**Impact of Poverty, Inequality & Changing Demographics**	Chief Executive	Current Score	20	Target Score	5

Risk	Services are not appropriately redesigned based on changing needs in relation to the ageing population, health, complexity of care or socio-economic factors, specifically poor outcomes associated with welfare reform, poverty and/or inequality and wider impacts associated with the cost of living crisis.
Potential Impact	Inappropriate allocation of resources & assets, misalignment of corporate objectives to need, inability to demonstrate Best Value, and possible financial and reputational consequences of responding to unplanned situations.
Note	The LOIP and Health & Care Strategic Plan set out partnership outcomes to strengthen community & place-based services. Key priorities are to reduce children living in poverty, develop inclusive growth and empower families & communities. Relevant actions include City Region Deal, Community Wellbeing & Community Wealth Building, as well as data analysis to inform decision-making and Poverty Impact Assessments. The risk score takes into account EU withdrawal, pandemic impacts, recent Child Poverty statistics and the cost of living crisis.

140
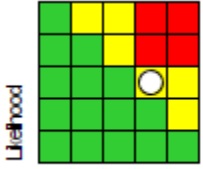

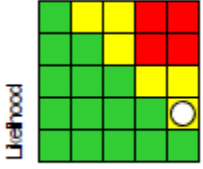

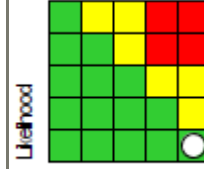

⬤ ▬	**Insufficient Pace & Scale of Organisational Transformation**	Chief Executive	Current Score	20	Target Score	5

Risk	The Council fails to proactively drive the fundamental redesign of services and organisational planning/development with the speed required to address the funding gap due to ineffective change management.
Potential Impact	Failure to maintain the required level of provision for statutory services. The corporate business improvement programme does not establish sustainable service delivery and a sustainable cost base for the future.
Note	Special Council meeting of 9th March approved a General Services Budget for 23/24 that highlights the continued focus on our transformation ambitions. Our capital programme will see £236 million invested in the area over the next 20 years. It is an ambitious plan which will deliver a new Wellbeing Hub, improvements to our schools, significant economic regeneration and will play a key role in our journey towards net zero. One of the financial flexibilities awarded by the Scottish Government to use capital receipts for transformation is due to end at 31st March 2023, meaning the Transformation Team fixed-term model will cease by the end of May 2023. A paper is to come to a future Council meeting informing the next steps of the Be the Future Transformation Programme. The Capital Plan, however, includes new and alternative provision for resources to prioritise delivery of key Capital Plan projects in support of the Council's transformation ambitions and strategy of investment-led recovery. An Investment Strategy for Clackmannanshire is to be developed that will attract potential investors to work with the Council and its partners to develop Clackmannanshire as an investable proposition.

Related Actions			Existing Controls	Be the Future Board

⬤ ▬	**Health & Safety Breach**	Chief Executive	Current Score	20	Target Score	5

Risk	Incident or statutory breach results in injury or death of staff member or customer due to lack of awareness or non-compliance with policies and procedures. Incidents may also arise from third parties actions, outwith Council control.
Potential Impact	The effects on individuals and their families, financial penalties (including Health & Safety Executive intervention fees), criminal proceedings, adverse publicity, increased insurance or damage to Council assets.
Note	There are still significant gaps in our legal compliance and discussions with managers still show significant gaps in their understanding of their responsibilities. IOSH Managing Safely programme being rolled out to help plug this gap as part of work on the Health & Safety Strategy

141

	Increasing Attainment Gap	Chief Education Officer		Current Score	16	Target Score	8

Risk	The Council fails to reduce the educational attainment gap between pupils from more and less deprived areas due to financial pressures, workforce issues, or wider economic, demographic and poverty-related issues.
Potential Impact	Poor school leaver destinations/participation, young people failing to reach potential, longer-term impacts on social mobility, poverty, life chances & economic growth, plus reputational damage and implications for inspections & funding.
Note	Recovery Plans now form part of School Improvement Plans and support continues from Centre Teams & government funding. Health & wellbeing impacts and emerging challenges being addressed by Educational Psychology & partners. Redesigned approach to Scottish Attainment Challenge has seen funding to 9 Challenge Authorities (£43m) distributed equitably between all 32 local authorities - now named Strategic Equity Funding. This significantly reduces finance available for local Programme Plans, tapering down over next 4 years (2022-25). We continue to monitor attainment closely, with targeted support to close any identified gaps, and funding will be carefully allocated to mitigate risks.

	Collective efforts ensure that interventions continue to be targeted to those areas of greatest need to improve outcomes and close the poverty related attainment gap	NIF 21 16		Strategic Equity Funding
	Covid-19 Education Recovery Plan	PPL EDU CRP		National Improvement Framework

	Information Not Managed Effectively	Senior Manager - Legal & Governance		Current Score	16	Target Score	8

Risk	Information is not protected, managed or used effectively due to lack of compliance with information sharing, data protection, records management or IT principles/protocols, potentially leading to data breaches, inefficiency/duplication and strategic/performance management decisions based on poor quality/inaccurate business intelligence.
Potential Impact	Legal/reputational/financial implications from breaches (regulators being the ICO and SIC can impose monetary penalties and enforcement notices), inefficiencies costing time/money, non-completion of (possibly statutory) duties. Loss of productivity, impacting morale, or misinformed decision-making if information not available/used.
Note	There is currently no Records Management Officer in post and a full review of the current records management / retention plans is required. The Data Protection Officer is now an internal officer. The likelihood of this risk occurring increased at a previous review in relation to external cyber security threats, with cyber essentials accreditation remaining outstanding. Work continues around opportunities from MS365, review of Data Protection policies and partnership sharing agreements. Planned actions around reviewing the training approach and manager support to ensure the completion of mandatory training by all staff.

142

| ⚠️ ➖	**IT System Failure**		Senior Manager Partnership & Transformation	Current Score	15	Target Score	9
Risk	Full or partial loss of network/hardware/software/telecoms technologies (temporary or prolonged) due to cyber attack/other emergency, failure to manage maintenance/backups/suppliers/contracts, or lack of investment in systems/staff/training (i.e. failure of IT services to uphold priorities of Confidentiality, Integrity and Availability).						
Potential Impact	Financial impact from loss of productivity, service disruption (inc. statutory/vulnerable groups), inability to communicate, harm to staff/customers (access to records/Potentially Violent Persons register) & legal/regulatory/reputational implications.						
Note	The Council is investing in ICT infrastructure as part of its Digital Transformation Strategy & roadmap. This will introduce cloud hosted services, retire/replace legacy systems, implement m365 & invest in modern technology to support delivery, future ways of working & Digital Transformation ambitions. Digital Maturity Assessment, Audit Scotland review and work in partnership with Digital Office is helping shape this work. A report on Cyber Security compliance is scheduled, however, recent global issues increased this risk at the last review, and work is ongoing around security and improving staff & public awareness.

	Complete actions from IT Asset Management Plan		CRR P&P IT2		Service Level Agreements & Contracts		
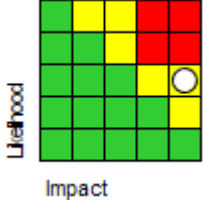

⚠️ ➖	**Failure to Prevent Extremism and/or Radicalisation**		Senior Manager Partnership & Transformation	Current Score	15	Target Score	4
Risk	Radicalisation of someone from the area results in terrorist incident (or other malicious attack), causing physical or financial harm to individuals or groups (here or elsewhere), or fear of such an incident affects quality of life.						
Potential Impact	Casualties/fatalities, property/infrastructure damage, need for evacuation/temporary housing or wider economic damage. Financial harm to individuals, businesses or the Council. Disruption to services or reputational/legal implications.						
Note	Continue to implement CONTEST delivery plan through work with our partners and through the Forth Valley CONTEST Board. Prevent is the strand within CONTEST focussed on preventing radicalisation and extremism in communities. Training for staff is provided as part of mandatory training programmes and on specific aspects of the national Prevent strategy. The national Prevent referral pathway has also been reviewed in 2021.

143
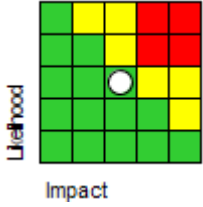

⚠ ▬	**Failure to Address Serious Organised Crime**	Senior Manager Partnership & Transformation	Current Score	12	Target Score	8

Risk	Public bodies fail to address organised crime involving drugs, violence, fraud, corruption, money laundering and/or human trafficking (with women and girls particularly vulnerable), due to a lack of preventative processes or information sharing.	
Potential Impact	Physical or financial harm to individuals, businesses, communities or the Council. Direct or indirect disruption to Council services and associated reputational and/or legal implications.	
Note	Situational awareness and monitoring of significant developments or intelligence is ongoing. Web pages for staff have been updated with the latest advice on cyber crimes and keeping safe and briefings are shared with staff from Scottish Business Resilience Centre and the National Crime Agency.

	Actions from Internal Audit of CONTEST, Prevent & Serious Organised Crime Readiness	CRR P&P SP2		National Fraud Initiative

⚠ ▬	**Continued Contribution to Climate Change**	Strategic Director - Place	Current Score	10	Target Score	5

Risk	The Council fails to play its part in addressing the climate emergency, such as by not adapting to climate change, by not reducing waste and the need to travel, making available adequate resources, developing/using/promoting sustainable practices, materials & technologies (including energy efficiency & emissions) or failing to act as an ambassador for national & international good practice as it emerges.
Potential Impact	Worsening environmental impacts including flooding (see related Severe Weather risk), increased fuel poverty (with knock-on health/social impacts), missed efficiency savings, economic opportunities and poorer air quality. Political/reputational impacts of not supporting national/international policy, and potential legal implications of not meeting targets or demonstrating progress.
Note	We submit Climate Change Duties reports annually, and are developing/implementing several related strategies & projects around our own practice and dissemination to local residents & businesses. These relate to assets, housing stock, energy & fuel poverty advice, community food growing, waste reduction, low-carbon technology and sustainable transport. A comprehensive Net Zero/Climate Change Strategy and Climate Emergency Action Plan is also being prepared and a Council Climate Emergency Group and community Climate Change Forums have been established to support this process. Scotland's International Environment Centre proposal, as part of the City Region Deal, will place Clackmannanshire at the forefront of Scotland's Climate Change mitigation efforts.

Appendix A – Corporate Risk Log   ✅ Low: 9 or less   ⚠ Medium: 10 – 15   🔴 High: 16 or more   🔼Increased   ▬ Consistent 🔽Reduced   **N**ew Risk   **R**emove from log   Page 6 of 9

144

| ✅ 🔽 | **Inadequate Workforce Planning** | Senior Manager HR & Workforce Development | Current Score | 9 | Target Score | 3 |

Risk	Due to lack of workforce planning the Council fails to ensure sufficient capacity/resource to deliver key Council service or fails to adequately develop its workforce to ensure that skills, knowledge and structures are appropriate, sustainable financially viable and compatible with our corporate vision.
Potential Impact	Loss of key staff from posts identified as single points of failure, including statutory officers, leading to inability to delivery key functions and lack of adequate professional advice to Council Officers/Elected Members.
Note	Portfolio workforce planning sessions are underway and these will be used to inform the interim workforce plan 23-25 to allow fuller development of the Strategic Workforce plan 25-28. Ongoing issues remain as capacity issues, a stretched and fatigued workforce balancing "business as usual", pandemic recovery as well as need to progress key transformation activities. Beyond this an aging workforce, with a number of key staff approaching potential retirement, turnover in key posts or single points of failure, impacted by turnover or absence overlays presents significant future challenges.

Related Actions	Develop & implement the strategic workforce plan 2022-25	CRR P&P HR4	Existing Controls	Strategic Workforce Plan

| ✅ 🔽 | **Harm to Child(ren)** | Strategic Director - People | Current Score | 9 | Target Score | 3 |

Risk	A lack of capacity or stability in key roles reduces the Council's ability to fulfil statutory requirements and intervene to prevent the serious harm of a child/children.
Potential Impact	Effects of injury or death on individual, family, friends & staff members, reputational & legal implications, with associated costs, as well as impact of reputational damage & negative publicity on morale, workforce development and sustainability.
Note	Planning and measures are in place to address staffing, leadership, assurance and improvement planning, including quarterly reports to Committee. We have successfully recruited team leaders into posts and 2 senior practitioners(as part of the Children's Services re-design) to build resilience and skill within the workforce, particularly with the high number of newly qualified social workers within the service, this allows the service to develop an approach to practice that is trauma informed and rights based. There is also a recurrent social work recruitment campaign to ensure that all vacant posts are recruited to in a timely manner as well as forging links with academic institutions to highlight Clackmannanshire Council as a forward thinking local authority for child protection work, for newly qualified social workers. Furthermore, the locality model will provide greater flexibility and be more responsive to children/young people at risk of harm as well as focussing on strengthening early intervention at the first point of contact. The e-IRD system is now embedded and allows for agencies to respond in real time to children/young people at risk of harm for timely assessments and interventions. In addition there has been a sustained decrease in the number of child protection registrations.

145

Approach Tolerate

🛑 ➖	**Supply Chain & Labour Market Disruption**	Chief Executive	Current Score	20	Existing Controls
Risk	Disruption to UK supply chains & labour markets as a result of EU withdrawal, increasing costs & delays in sourcing goods (particularly in construction), already materialising and could continue for an extended period or escalate				Service Level Agreements & Contracts
Potential Effect	The Council could fail to recruit or retain staff with the required knowledge & experience, and/or be subject to direct or third-party impacts if suppliers are unable to source goods/materials or staff to fulfil contractual obligations				Recruitment & Retention Policy
Note	Impact and Likelihood remain unchanged. Ongoing pressures on supply chain impacted by inflation, brexit etc plus recruitment difficulties particularly for key roles do have an impact.				Procurement Processes & Procedures

🛑 ➖	**Public Health Emergency**	Chief Executive	Current Score	20	Existing Controls
Risk	Significant numbers of Council staff and customers become ill due to the occurrence of a public health emergency, such as a flu pandemic, with spread potentially exacerbated through failure to vaccinate or follow hygiene protocols.				Business Continuity Plans
Potential Effect	Short- & long-term health implications for public & staff (inc. absence if ill or caring for others). Disruption to support & front-line services, inc. to already vulnerable groups. Consideration required of minimal service provision requirements.				Pandemic Flu Plan
Note	Remains status quo awaiting outcome of Covid enquiry				Major Incident Procedures

🔺 ➖	**Failure of Public Utility Supply**	Strategic Director - Partnership & Performance	Current Score	15	Existing Controls
Risk	Sustained loss of gas, electricity, water and communications over a significant area due to failure of a provider's infrastructure as a result of a local or national event.				Business Continuity Plans
Potential Effect	Fatality, injury or health risk, requirement to evacuate & find alternative accommodation, including for vulnerable people. Disruption to businesses, with potentially large costs, and impact on contact with health, care and emergency services.				Major Incident Procedures
Note	Work continuing at national and regional level to reduce this risk				Emergency Response Plan

Appendix A – Corporate Risk Log   ✅ Low: 9 or less   🔺 Medium: 10 – 15   🔴 High: 16 or more   ⬆️Increased   ➖ Consistent   ⬇️Reduced   N New Risk   R Remove from log   Page 8 of 9

146

⚠️ ➖	**Failure to Prepare for Severe Weather Events**	Strategic Director - Place	Current Score	12	Existing Controls
Risk	Inability to respond to severe weather events due to lack of appropriate planning & equipment (e.g. 4x4 vehicles). Most likely flooding from rain/coastal surge, winter weather or heatwave (increasing frequency & severity due to climate change).				Business Continuity Plans
Potential Effect	Widespread community dislocation, damage to property, businesses, roads & utility infrastructure (inc. telecoms & power), or inability of staff to get to workplace. Impact on delivery, reputation & finances, and increased workload in numerous services to support communities, including clearing roads and core paths (e.g. from fallen trees & other debris).				Forth Valley Local Resilience Partnership
Note	Current roads plan in place and 5 community resilience plans in place along Hillfoots villages. Winter planning has started and working with HSCP on their winter planning, Council wide exercise planned for late Autumn 2023				Winter & Flood Management Plan

✅ ⬇️	**Industrial Unrest**	Chief Executive	Current Score	9	Existing Controls
Risk	Industrial action by Council staff, partners or suppliers arises, normally in relation to local or national budget-related changes to terms and conditions, or restructuring.				Business Continuity Plans
Potential Effect	Immediate effects on service delivery & those dependent on services, with financial and reputational damage, and residual impact on staff morale & productivity. In case of partners/suppliers may have to support or reduce activity/service delivery.				Trade Union Communications Protocol
Note	SNCT Teaching side settled on the 22/23 pay award during March 2023. The offer made to SJC/Craft unions for 23/24 award has been rejected with potential for industrial action. It is likely that we might see targeted action again such as in waste, schools i.e services which would be impacted more as a result of industrial action.				Forth Valley Local Resilience Partnership
